COPIES	DATE	NO.	DESCRIPTION
6	2/4/05	6527.11	Response to Deficiency Letter for Application for Stream Encroachment Permit and Freshwater Wetlands Statewide General Permit No. 4 dated January 24, 2005

These items are transmitted as checked below:

- ☒ As requested
☒ For review and comment

Ms. White:

As we discussed during our phone conversation on February 4, 2005, please find enclosed six (6) copies of the above-referenced response for NJDEP LURP review. Approvals for access to the adjacent properties (Air Products and Wharton Enterprise), and proof of financial surety for the wetland restoration are almost complete and will be forwarded under separate cover for your review and approval next week. Responses to all technical related issues are outlined in the attached document. I appreciate your willingness to work with our tight schedule on this project, and hope this response meets NJDEP LURP's requirements. Please forward the required copies from this package to Sue Michniewski's for the associated wetland review. Please contact me if you have any questions. I will be in touch next week to discuss our response and timeframe for permit approval.

Best Regards,
Nick Clevett
